## Venue and Local Information

We are aware of the concerns members of our community have expressed regarding our continuing to host the *FIRST* Championship in Houston, Texas. We do plan to remain at the George R. Brown Convention Center in Houston for *FIRST* Championship through 2025, due in part to pre-existing contractual commitments. We are keenly aware of the issues at stake in Texas and other states throughout the country, and we remain deeply committed to supporting the rights of LGBTQ members of our *FIRST* community wherever they live. We've built a strong relationship with the Houston mayor's office, which is committed to defending equal rights in Houston and has been recognized as one of Texas' strongest advocates for LGBTQ rights. We're proud of the work that the administration has done to advance LGBTQ rights in Houston, and we're proud of their support of everything that *FIRST* does. In addition, the Harris County DA also supports LGBTQ rights and opposes the recent proposed legislation on transgender issues.

As we have in previous years' *FIRST* Championship, we will continue to remain focused on ensuring a safe and welcoming space for all participants at every one of our future events. If you have ideas about how we can make our spaces even more welcoming, we would be more than happy to discuss them with you.

Due to the wireless nature of *FIRST* control systems, wireless availability will be evaluated during the event. Teams will not be allowed to set up their own wireless networks at the Championship. While we certainly appreciate the positive potential team-created wireless networks could represent, there is a chance such wireless networks could interfere with planned activities during the event.
